**16 December 2021**

**Thermi, 10/12/2021**

**Dear sirs ,**

The Municipal Water Supply and Sewerage Company of Thermi participates in the implementation of the project with the acronym «**WATER RESCUE**» and full title «**WATER RESOURCES EFFICIENCY AND CONSERVATIVE USE IN DRINKING WATER SUPPLY SYSTEMS**» since November 2017. The project is elaborated in the context of the Cooperation Programme INTERREG V-A “Greece - Bulgaria 2014-2020”. Six beneficiaries participate in the project, which are (apart from the Municipal Water Supply and Sewerage Company of Thermi):

- Municipal Water Supply and Sewerage Company of Komotini (Lead Beneficiary)
- University of Thessaly – Special Account Funds for Research – Civil Engineering Department
- Municipality of Kardzhali
- Municipality of Gotse Delchev
- Municipal Water Supply and Sewerage Company of Thermaikos

In the context of the implementation of the activities of WATER RESCUE project, the **Municipal Water Supply and Sewerage Company of Thermi** invites you to participate at the **Final Conference**, which will take place on Thursday 16 December 2021, starting time 11.00 and which will be held through teleconference at the following link: <https://us02web.zoom.us/j/85624355812> (Meeting ID: 856 2435 5812).

The WATER RESCUE aims at the sustainable management of cross-border water resources and at the conservative water use, through the improvement of water quality throughout the water supply cycle, the increase of efficient water use and the reduction of water resources vulnerability under climate change conditions.

The Final Conference aims at the presentation of the beneficiaries’ experiences, the dissemination of the project results and drawing conclusions with the stakeholders.

Official language is English with translation from and into Greek.

Thank you in advance for your participation.

Sincerely,

The President of the Board of Directors of the  
Municipal Water Supply and Sewerage Company of Thermi

DAMIANOS ZELILIDIS
