### **The SoSEDEE project**

The project “Support of Social Enterprise and Enhancement of Employment (SoSEDEE)”, is funded under the European Regional Development Fund (85%) and the national funds of Greece and Bulgaria (15%) through the Cooperation Programme INTERREG V-A Greece-Bulgaria 2014-2020.

The project beneficiaries:

- Municipality of Gotse Delchev (Lead Beneficiary), Bulgaria
- SOS Children’s Villages, Thrace branch (Aristino, Alexandroupoly), Greece
- Eastern Macedonia and Thrace Institute of Technology (EMaTTech) / School of Business & Economics, Department of Business Administration, Greece

The main objective of the SoSEDEE project is twofold: to provide i) a high quality distance training course in the field of “Social Entrepreneurship” by the Department of Business Administration of EMaTTech and ii) specialized support and mentoring for the development of social enterprises for the project partners.

The overall objective of the project is to contribute to the enhancement of employment of vulnerable groups through the development of skills for the establishment and operation of efficient social enterprises in the cross-border area.

### **The Social Entrepreneurship certified training course**

#### **Objective**

The syllabus of the course is designed to help participants (potential or current entrepreneurs) move their mission forward by learning how to apply knowledge and skills in social entrepreneurship.

#### **What is it about?**

The training course will include five weeks of education and training activities. The core of training will consist of e-learning lectures as well as experiential learning opportunities through the lenses of real-case business challenges at international and national level.

### Why should I attend it?

Participants will be able to conceive, plan or further improve their own social ventures and maximize social impact.

The successful completion of the training course will be accompanied a **Certificate on "Social Entrepreneurship"** by the Business School of Eastern Macedonia and Thrace Institute of Technology (EMaTTech)

### Whom it may concern?

- Current and potential social entrepreneurs who wish to broaden their scientific background and improve their professional and personal skills.
- Social entrepreneurship consultants, structures that provide support to social economy activities that wish to enrich their knowledge and skills.
- Business executives who have an active role in Corporate Social Responsibility activities.

### Where can I learn more about registration and fees?

The training course of the SOSEDEE project **is free of charge**. Within the framework of the project, two courses will be held. The first course will start at the end of 2018 and the second at the mid of 2019.
