Tabs

The name of each tab in English is given in the blue box when you open the specific tab.

The main part of the evaluation is performed and recorded in **Step 9**. In this step the user sees the evaluation of the proposal, as it was performed by the JAT – 2nd level evaluation body:

- In Tab **9.1 - COMPLETENESS-ADEQUACY** is the evaluation of the ON/OFF criteria
- In Tab **9.2 - SCORING** is the score of each Group of Criteria and the result calculated according to the weight of each group.
- In Tab **9.3 - EVALUATION DATA – FINAL JUDGEMENT** is the final judgment of the JAT evaluators and their comments.

The data of these screens may differ compared to the ones of the category First Level Evaluation, in case the JAT modified/corrected the evaluation report of a project proposal.

In **step 11 - Attached Documents**, the user may find all attachments made by:

- the applicant during the submission phase. The applicant's attachments are the ones that in column "Document Category" have the description "1 Επισυναπτόμενα" (meaning - 1. Attachments)
- by the JS evaluators during the 1st level evaluation. The evaluators' attachments are the ones that in column "Document Category" have the description "3 Επισυνπτόμενα Έγγραφα Αξιολόγησης" (meaning - 3. Evaluation's Attached Documents). The evaluators' attachments include the following (check column 4 - Document Data – Description):
 - Evaluation sheet
 - Correspondence with the LB
 - Clarification received for both beneficiaries

In this step, the user may also find attached the detailed evaluation sheet, filled in and signed by the project proposal's JS evaluators.
