2020"

Total Budget of the program:
1 135 147,40 EUR,
Momchilgrad municipality's budget: 223
495,00 EUR

The activities of the project are aimed at identifying the morbidity of the population in the region, researching the causes of morbidity and formulating policies for its reduction, diagnostic studies for vulnerable groups, raising the awareness of local authorities and local hospitals/centers, creating a database with patient cards – shaping the profile of morbidity in the area, creating a digital health platform, networking the local health structures. The activities of the project also include the repair and equipment of a part of the Medical Center at the "Dr. S. Rostovtsev" Medical Center - Momchilgrad. The project finances equipment and the purchase of medical equipment for emergency diagnosis and intensive treatment, for the needs of the medical center.
